

Keep your
customers and
employees
happy.

What does a subpar customer and employee experience look like?

- Your customer communication is inaccurate and inconsistent.
- Your enforcement of policies is inconsistent.
- Your employees aren't clear on their job expectations.

**You need to automate
your workflows to improve
satisfaction.**

Tourmo's AI-powered platform can help you automate communications and processes from your back office to the field and on to your customers so you can improve satisfaction.

**Provide great
experiences**

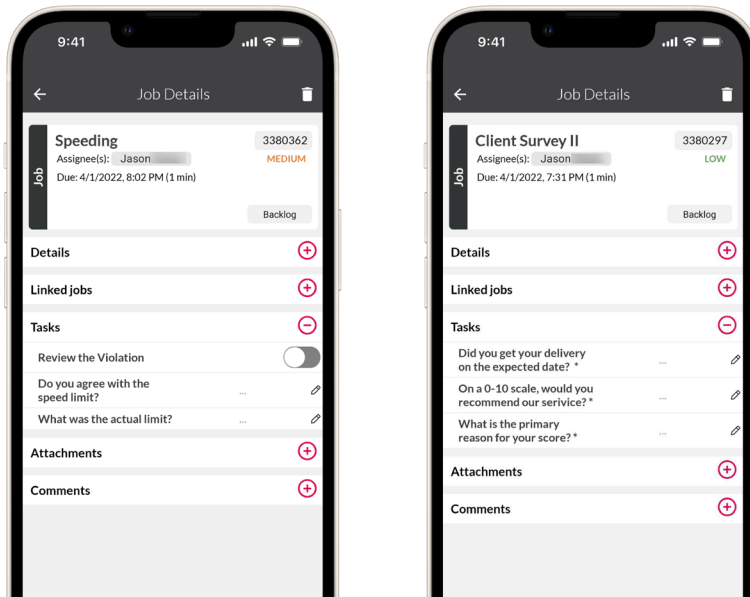

**Empower your
workforce**

**Improve
communication
with customers**

Increase satisfaction through automation.

- Operate transparently for better experiences. Our tools update you and your stakeholders regularly, which provides insights into your operations and boosts satisfaction.
- Perform fair, unbiased analyses so your managers make effective decisions and use automated feedback to improve driver acceptance.
- Ensure your employees have the right tools to handle exceptions and everyday operations more quickly and effectively to boost productivity.

Transform your mobile workforce operations with Tourmo's automated workflows.

"The unique Tourmo device-agnostic approach has allowed us to embed their amazing technology inside our existing application and easily deploy it to over 1,000 mobile workers and vehicles across France. They exceeded our expectations. We value and appreciate their partnership as they help us reach our performance and safety goals."

– Logistics Performance Director
